

The 4 Steps to CHARGE Corporate

STEP 1: *Value-Add*

CHARGE provides an interactive “insurance-funded” corporate health program which engages employees on-site at the workplace.

STEP 2: *Strategize*

Working together, we will analyze your client pipeline, prioritize target groups, and map a successful action plan.

STEP 3: *Motion*

Our team will provide you with the necessary tools to connect and captivate your client’s employee population.

STEP 4: *Implement*

Set up a short introductory call with your client to discuss our on-site corporate health program.
